

# Health Professionals We Want to Hear From You

Have you supported clients with eating disorders who have used GLP-1 medications (e.g. Ozempic, Wegovy, Mounjaro)?

**We're conducting a research study exploring the clinical perspectives of Australian health professionals who work with clients navigating eating disorders and the use of GLP-1 medications for obesity or weight-related conditions.**

## You're eligible if you:

- ✓ Are a health professional practising in Australia
- ✓ Have worked with clients with eating disorders who have taken GLP-1 medications

## What's involved?

Brief demographic survey | 1-on-1 Zoom interview  
Optional transcript review

Your input will help guide research and inform service delivery
